# Jansen Tanujaya

## *Hello! My name is Jansen*

You may think that learning about finances is just like facing a finance person, quite a challenging experience and more likely not a fun one. My goal as a trainer is to deliver financial-related workshop programs that are applicable, useful, and last but not least fun(!)

Personally, I really like and enjoy sharing with other people and professionals. Sharing is one of my personal passions. And finance is my professional background. It's my cup of tea. Combining both of them gives me great pleasure. I also believe that when I share that's the time I get.

As a finance professional, I have more than 10 years of working experience in Finance-Accounting-Tax, Corporate Budget, Business Process, Business Development, Investment and Corporate Finance areas.

My involvements in various projects and organizations are related to funding/financing from banks/investors, investment analysis, certification project (ISO, SNI), financial modeling and scenario analysis, business expansion and development.

In my professional life, I have worked in many business industries (property, manufacturing, plantation, mining, shipping, trading, consultancy and hospitality) in various roles and positions. I am also Certified in Financial Risk Management (FRM).

So, I am really looking forward to working with you and other participants in one of my workshops at Foster & Bridge Indonesia. It is my wish that we can work together in preparing you to face current business challenges and competitions.

"Fin" (as in Finance) is fun. Don't be afraid with the number and facing finance people. I will change you to have great time with my fun in "fin" (finance) workshops!
